

Curriculum Vitae - Andrew M. Johnson

PERSONAL DETAILS

FULL NAME	Andrew Michael Johnson		
DOB	16 th . January 1970 (Leeds)		
ADDRESS	10 Stone Brig Lane, Rothwell, LEEDS, LS26 0UE mail@amjohnson.co.uk		
FAX & ☎	(0113) 282-5349	MARITAL STATUS	Single
MOBILE	07749 228272		

PREVIOUS EMPLOYMENT

- 8/09 - DATE** Magnet Ltd employ me on the Operations side. I support users PC's (Win 2K, XP), servers (AD, Win 2K and 2003). I also ensure that many of the processes and back up routines function properly.
- 10/08 – 1/09** Galtec Solutions employed me as a field technician until they made me redundant due to the economic downturn. I supported user PC's (Win XP/Vista/98) and servers (Active Directory, Win 2000/2003 and Exchange) remotely and also with on site visits. Support and advice was also given to each customer about new server installations and network configuration.
- 10/06 – 10/08** Zenith Survey employed me as an IT assistant. I supported users (Win 2000/XP/Vista and Office) in 5 remote branches from the head office and the 7 servers (Win NT4/2000/2003). Each branch connected via a Terminal Server session to access Inspire (equipment hire software). I installed and configured a new Windows 2008 server with Active Directory as a Domain Controller to replace an elderly NT4 server.
- 2006 - DATE** Self employed wedding chauffeur and owner of a 1951 Bentley saloon car. I also run my own website www.amjohnson.co.uk which was hand coded in ASP, HTML, CSS and JavaScript. There are links on here to other sites that I have developed.
- 2/00 – 9/06** I was employed as an IT technician at Ampleforth Abbey and College supporting hardware and software (12 servers and 650 desktops). Develop the Intranet using ASP, HTML, JavaScript – and web front ends for databases. Support and installation for Exchange 2000/2003 server. As there are 2 people in the department we do support at all levels.
I purchase PC's, printers, servers and consumables from various suppliers.
A couple of key projects undertaken have been to develop an intranet based fault logging and reporting system for estates and IT staff.
All servers were built, installed. and maintained by myself and the other member of staff within the department. Users and computers were configured within Active Directory.
- 8/98 - 6/99** I was made redundant in 1999 by Wescol Glosford plc who employed me as an IT Specialist, I supported MS Office, Exchange, NT4, Windows 95/98 and hardware as well. Various pages of the intranet have been developed. Other duties included building new PC's and maintaining the mail system. Salary

Curriculum Vitae - Andrew M. Johnson

£13,325.

- 9/94 – 8/98** Agency work for Apex Employment and Software Personnel. Duties included support of PC Network for software, mainly MS Office and Windows 95 and PC hardware supports.
- 10/92 - 9/93** Industrial Placement at Wakefield & Pontefract Community Health Trust. I developed various patient administrative databases, using dBase IV, at Newton Lodge and Stanley Royds Hospitals. Other duties included the implementation of the Novell Network at Newton Lodge.

EDUCATION & QUALIFICATIONS

- '90 – '94** I gained a 2ii B.Sc. (Hons) Information Technology at Sheffield Hallam University; included within the course were Micro-electronics, Software Development and Concurrent Processes. Options taken during the final year were A.S.I.C. Design and Expert Systems. My individual final year project was a graphical Data Communications Protocol simulation written in Borland Pascal for Windows.
- '88 – '90** During this period I studied Chemistry at Hull University and Information Technology at Wakefield College.
- '81 – '88** Rodillian School - 2 'A' levels (Mathematics & Chemistry) 7 'O' levels (English, German, Maths, Chemistry, Computer Studies, Physics & General Paper)

TRAINING

I have had the following Microsoft approved training

- Implementing a Network Infrastructure using Windows 2000 (2153)
- Implementing & Administering Windows 2000 Directory Services (2154)
- Implementing & Managing Exchange 2000 (1572)
